

“If all the equipment in my stores ran like my Mart Carts, I wouldn’t have ANY problems.”

- Executive of large grocery chain & long time Mart Cart client

Mart Cart’s hub motor has undergone a decade of refinements and improvements, making it the most reliable front wheel drive motor in the power cart industry today. Winner of industry awards for uniqueness and efficiency, Mart Cart’s hub motor is in a class by itself.

Now Mart Cart’s hub motor sports a new color, green, marking 10 years of refined improvements and years of excellent performance. The new green hub motor is prepared to provide front wheel drive maneuverability and shopper convenience on the Mart Cart® for years to come.

GREEN
HUB MOTOR

- Backed by a no-nonsense **Two Year Warranty!**
- So efficient, Mart Cart’s single 35 Amp AGM battery provides enough on board power for 5 days of Mart Cart shopping.
